THE BRANDON MAIL.

The Brandon Mail.

THURSDAY, JANUARY 16, 1890.

he year 1880 excerting to be, the probabilities are Wilson would have gone to be wall. If, however, instead of having sited at the close of the year, his circumstances were improved, the increase of the late one, is in attaching the letter "L." for legislative votes to the manner of these made at a pagers not disqualified by the amperical with his second. The same gift act; but as the politicians have sold example of the second politicians with his second. The same gift act; but as the politicians have sold example of the second politicians with the government is of composited with an end of the claracter of measles and secretary.

But this is not all the excess of recipies of the four millions and three quarters, which should, properly specking, be added to the four millions above. The pesition of the government, however, is very much like that of the last of the family increase, gaining considerable more to year. The first financiers, however, bee sight of all this comparison, of the passification of the government, however, is very much like that of the last of the family increase, gaining considerable more period with the state of the family increase, gaining considerable from the three of the family increase, gaining considerable from the family increase, the special considerable from the family increase, the special considerable from the family increase, gaining considerable from the family increase, gaining considerable from the family increase, the special considerable from the family increase, gaining considerable from the family increase, gaining considerable from the family increase, gaining considerable from the family increase, the special considerable from the family increase, gaining considerable from the family increase, gaining considerable from the family increase, gaining considerable from the family increase, the special considerable from the family increase, gaining considerable from the family increase, gaining considerable from the family increase, gaining considerable from the family increase, the family increase, gaining considerable from the family increase in the family increase, gaining considerable from the family increase of the family increase of the family increase of the family increase of the family increase, gaining considerable from the family increase of the family increase of the family increase of the family increase of the duced from 4.02 per cent to 3.52, and the country be in great on a first duced from 4.02 per cent to 3.52, and the country being great that on the set delt from 3.68 to 3.07. This is the absolute proof to a mind that on the early whose the tax per country is capseled of consoning that the confidence of control that the protectant of the starters provide to the dock and the confidence of control that the protectants of the case show the country is growing steadily in material wealth, development and in the confidence of capitalists, whose judgement on national affairs, is worth on the New Year, which means that this payed little laws which laws which laws which means that this payed little laws which laws which laws which laws which laws which l

in the case show the country is growing and the Chitch States. In any of these country, free our from lability for poil set many other part of it.

The pumple of the ving is the mental method of the part of the country, free our from lability for poil set many other part of it.

The pumple of the ving is the mental method of the part of the country in the country of the country is growing in the country of the country in the country of the country is growing and the policy of the country in the country of the country is growing and the part of the country in the country of the country is growing and the part of the country in the country of the country is growing and the part of the country in the country of the country is growing and the country of the country in the country of the country is not still right country in the country of the country is not still right country in the country of the country is and may not remain a country of the country of the country of the country is and may not remain a country of the country o

given in subsidies to railways to develop unsettled portions of the country, and a payment of \$1,736,644 has been made in purchases of sinking fund.

These three items added together amount to \$7,003,570,00, which is an increase of assets and of the increase of debt \$2.986,680, be deducted there from, it will show a betterment in the country for cumstances by over four millions of delars.

But this is not all the excess of receipts over payments on consolidated fund as: It is seem made the besis of the present the lists were made the besis of the present one, with the alterations in assessment attached, and the whole admitted to the Judge for revision had as they were printed. If this course is taken in the futuers to the model and the people, but it remains to be seen whether or not the government will pay any attention to it.

THE LESEUT VOTE IN QUEEEC.

Year's, and will present of securing immigration unceasing the country, in Eastern Canada and Western States. Michigan for instance offers a good field. Newfoundland13	184,389
Tetal1,177	81 4,713,223

An inspection matter is now being discussed at some points in Southern Mani-tols. A receifing in the Southford dis-trict was held on the 28th of last month, at which a resolution was passed request-ing the Deminion Government to suspend for the period of four months the duty on and grain and feed going into Southern Minitobe, so as to enable the people to a great deal of land will be left uncropped. If this is not done settlers say a great deal of land will be left uncropped. Onto especially are very scarce. Taking advantage of the scarcety of grain, dealers are asking very high price. It was de-unded to ask all the councils in Southern Manitosis to take united action to see what can be done in the matter.

HARRIS IN HOT WATER,

London, who went into office with the new Lord Mayor, has a delicate bit of work to accomplish before he can breath freely. Harris is 24, one of the youngest sherriffs London ever had, and his ambition is to be Lord Mayor. His election to the Shrievality was the first step; the second will be his election to adderman. That honor he is pretty sure to secure in time. To secure the Lord Mayorship it is necessary to have a record without as taken, however these tears. Suit has been entered against Harris for breach et pro-mise, damages being glaimed in the sum of 210 050. The plaintiff is Grace Smith an estimable young hely of good family. At a recent dinner at which Harris and Mis-Smith were present, Lord Mayor Lanes proposed the health of Miss Smith as the future Mrs. Harris. Not a word to have more than the first proposed in print, and

times to since severily from neumatism, which shows no sens of abdatement, and she will therefore visit Hamburg shortly for the benefit of the baths.

TWELVE ENTITH MENOF WAR AT ZANZIBAR, UNDER SEALED ORDERS.

ZANZIBAR, Jan. 9.—Twelve Britismen-of-war have arrived and others a expected: There is the greatest excit ment over the presence of so large a flee All sorts of surmines are rife as to its of ject, but the prevailing opinion is that ject, but the prevailing opinion, is that it is destined for the coast of Mozambique to put a stop to Portuguese aggression and protect British interiors in the interior. The fleet is under scaled orders and awaits final despatches from London. It is generally believed that in the absence of satisfactory assumances from Lisbon it will be ordered to proceed to occupy Debagoa Bay.

ZANTHAN, Jan. 9.—It is reported here that the British squadron commanded by Admiral Freeman, will sail to-mostrow. The destination of the fleet is kept secret. The flagship, Besteinea, is ready to sail at a moment's notice.

STANLEY TO LECTURE.

Louisville, Ky., Jan. 9—Managers Quilp and Camp, of the Auditorium, have just completed negotiations with Major Pond for a series of lectures to be delivered in this city next season by Heary M. Stanley, who has just returned to civille ation after a marvellous selventure in Africa. Mr. Stanley will return to America next fall, and has contracted for a lecture tour with Major Pond.

TO REDUCE COAL RATES

Sr. Patt, Jan. 9.—It is understood that the Northern Pacific officials here are contemplating the advisability of reducing rates on each mined along their lines in North Dakota, and an amounce ment to that effect, together with a promise to let the public know what they propose to do in the matter of developing the native cost industry in the Northwest is expected in a few days.

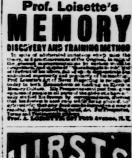

THE LOST ARE FOUND.

GLEICHEN, N. W. T., Jan. 13.—Mrs. J. Wilson left Roseland on Thursday morning, for here with three children and M. Maccionald. When out twelve miles the horses played out. Being dark they had to corap in a coules, but had plenty of robes and blankets. Next day they reached G. Chark, at Crewtoot Crosk, 17 miles east at here.

SIR JOHN MERELY HOARSE

Orrews. Jan. 9.—The stories religraphed from here as to Sir John's seriou illness are pure fabrications. The premise was suffering from a cold, but was able to be at work in his department to-day.

Madaro, J.n. 12.—At two o'clock this morning the official bulletin stated that the king was progressing favorably. His pulse was stronger and he saked for food. He talked with his sisters and secured to be more cheerful.
